

PEREGRINE

RETAIL DESIGN MANUFACTURING

Experienced Cabinet Maker (Joiner/Millworker) / Red Seal

PEREGRINE - Burnaby, BC 5 MAY 2019

Peregrine, operating for over 38 years, is the largest manufacturer of custom high-end retail environments in Western Canada. Serving clients primarily in the retail and banking industries, Peregrine has worked with leading brands, including Saje, Lululemon, Kit and Ace, Aritzia, BMO, Vancity, and MEC.

In 2017, the company acquired Acorn Wood Designs. Acorn was founded in 1984 and specializes in precision architectural millwork for the hospitality industry. Its high-quality woodwork can be seen in many restaurants throughout Canada and USA including Joeys, The Keg and Earls.

We are adept with hardwoods, laminates, solid surfaces, plastics, glass, lighting, metals and print. Our expert teams specialize in creating unique fixtures, merchandising systems and signage in our 50,000 sq/ft facility in Burnaby, BC.

We are looking for a **Cabinet Maker (Joiner/Millworker)** with experience building wood fixtures, cabinetry and/or furniture as those hired are expected to hit the ground running. This position will be full-time and will be responsible for all of our projects involving wood.

The ideal candidate has previous experience and a true passion for building unique things and working with their hands. They are positive, self-motivated and take exceptional pride in their work.

We expect dedication, hard work, reliability and an acute attention to detail - you should expect respect, appreciation, recognition for your work ethic, enjoy a friendly team culture and a safe place to work.

Qualifications:

- Experienced cabinet maker/joiner with at least 5 years millwork shop experience;
- Experience in operating a variety of hand-operated and power tools to cut wood parts and prepare them for assembly;
- Red Seal in Joinery is preferred.
- Good communication skills.
- Highly organized and detail orientated.

Requirements:

- Must be able to read and interpret shop drawings;
- Willingness and ability to follow procedures and adhere to safety procedures;
- Able to lift 50+ pounds;
- Stand at work table for up to 8 hours per day;
- Able to analyze a project/product to determine if there are any flaws;
- Able to quickly jump from project to project as priorities shift;
- Fast paced and energetic to meet project deadlines.

Additional Skills: (considered a plus)

- Design skills, CAD;
- Painting experience;
- Solid surface or plastics experience;
- CNC Routing and Machining experience.

Wage: \$24-\$32 per hour (commensurate with experience) plus benefits and profit share

Job Details: Full-time position. Monday to Friday, (7:00AM – 3:15PM)

Apply to this position by sending your resume to careers@peregrine.build
